While a member of California legislature, supported legislation which assured every worker the right to join a union of his choice. This outlawed the so-called "Yellow Dog Contract," and prohibited management from discriminating against hiring of union members.

Today Bill Knowland is a Candidate for Governor of California

- He says to you:
1. The right of every American worker to belong to a union must continue to be effectively protected by law.
 2. No American should be compelled to belong to a union to earn a living. Voluntary unionism will make unions responsible to their members and to the public.
 3. Union members should enjoy the protection of a Workers' Bill of Rights which includes election of officers by guaranteed secret ballot and provision for recall of officers by secret ballot.

English Teacher To Leave for Austrian Post

Eugene Timpe, El Camino College instructor in English, will leave next month for Austria, where he will participate in a teacher exchange program authorized this week by the Department of State.

The exchange will bring to El Camino Dr. Frieda Staud, who will teach German classes, filling the vacancy created by the departure of Mrs. Florence Merzjak, who will be on sabbatical leave next year.

Timpe will teach courses in English at Stadtschulrat, a preparatory school for boys between the ages of nine and nineteen in Vienna.

The English instructor, his wife, Sally, and their two sons will fly to New York and travel from there to Europe via the ocean liner, S.S. United States.

Timpe is familiar with the German language and will enroll at the University of Vienna for the summer session on arrival there. The housing shortage still existing in Austria precludes any current plans for permanent lodging, the family planning to reside in a hotel until more definite information can be obtained.

The El Camino instructor is working toward his doctorate in English at the University of Southern California and is a licensed flight instructor.

The exchange was arranged under the International Educational Exchange Program under the Fulbright act.
